

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SA912NW

This certificate, issued to Kenmore Air Harbor, Inc.

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 3 of the Civil Air Regulations.

Original Product—Type Certificate Number: 1A2

Make: Piper

Model: PA-18S "150" and PA-18AS "150"

Description of Type Design Change: The Fram CA-122PL induction air filter is eligible on Piper models listed above when Edo model 89-2000 seaplane floats are installed.

Limitations and Conditions: Approval of this change in type design applies basically to the above model aircraft only. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft. A copy of this Certificate shall be maintained as part of the permanent records for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 27, 1980

Date reissued:

Date of issuance: April 4, 1980

Date amended:

By direction of the Administrator
Charles C. Schroeder
